The information in this article is intended to be educational and to provide you with information that might help you make better use of retirement savings opportunities in realizing your retirement goals. Different assumptions concerning earnings, taxes, investment rates of return, and retirement age will generally yield different results. Examples in this article do not reflect actual returns for any specific investments, and are not intended to imply or guarantee future results. All examples are hypothetical and for illustration purposes only. Actual returns may be higher or lower, and will fluctuate over time. Returns are assumed to be the same each year. Actual values may increase or decrease in any given year. Because the value of your investment will fluctuate with market conditions, you should consider your ability to continue to invest during periods of low price levels. Regular investing does not guarantee a profit or protect against a loss in a declining market. No taxes are applied to plan balances. Plan balances are fully taxable at withdrawal. Withdrawals made prior to age 59½ may trigger an additional 10% early withdrawal penalty tax. This information does not describe all plan features or their applicability to any plan participant. It is provided for general information only and is believed to be accurate and reliable as of the date of printing but may be subject to change. All information in this article is provided for illustrative purposes only and should not be considered tax, investment, or legal advice. Participants should seek professional advice for their particular situation. Contributions to tax-sheltered accounts may not exceed plan or regulatory limits.
